

NZSIF

Industry Demo Days

The NZSIF will hold three industry demo days during the 2011 season.

The schedule is as follows:

Porters Ski Area	Tuesday 28 June
Cardrona	Thursday 30 June
Mt Ruapehu - Turoa	Tuesday 12 July (Wednesday 13 July - Cont)

The above schedule is subject to each area being open with sufficient snow. Members not holding a 2011 season pass for the appropriate ski area will be provided with a day pass.

If Turoa is closed on the first scheduled day (Tuesday 12 July) an industry forum will be held in Ohakune on that day followed by the industry demo day on Wednesday 13 July.

Please diary the above dates so as many of your staff can attend at a ski area near you. Registration material will be sent to all members in early June or refer to the registration form on the website below.
